

High-Speed. Professional-Grade. Ready to Go.

Powerful Performance Meets Sustainable Innovation

Boost productivity with the **RICOH IM C8010** Multifunction Printer, combining high-speed print and scan performance with advanced finishing, innovative stapleless binding, enterprise-grade security and sustainable design—engineered to keep your business moving.

A3 Colour
Multifunction Printer

IM C8010 (80 ppm)

Copy • Print • Scan • Fax (optional)

Introduction

Elevate your in-house production capabilities with the new **IM C8010 Multifunction Printer (MFP)**. Designed to deliver exceptional output in demanding, high-volume environments, this versatile A3 colour MFP combines fast printing speeds, superior finishing capabilities, and intelligent features to streamline your most complex document processes while minimising environmental impact.

With an upgraded Smart Operation Panel, faster scanning, and intelligent document handling, the IM C8010 provides a familiar interface while improving output—empowering your teams for speed and efficiency.

i

KEY FEATURES

- High-speed colour output of 80 pages per minute (ppm)
- Ultra-fast scanning of up to 300 ipm via new Single-Pass Document Feeder (SPDF)
- Advanced finishing capabilities, including 3,000-sheet stacking, 65-sheet stapling, and multi-folding styles, improve post-processing efficiency
- Made with 33.38% recycled plastic for improved sustainability
- Innovative water-based stapleless binding for up to 15 pages (optional)
- Enhanced security with more robust encryption and seamless authentication settings

Productivity Powerhouse

Enhanced Usability for Versatile Workflows

The IM C8010 delivers significant upgrades including enhanced scanning features with AI Orientation and Paper Skew Corrections for perfect results with mixed-size documents, improved user interface, and strengthened security. Advanced finishing options and seamless digital workflow integration improve productivity, helping your team achieve more in less time.

Paper Skew Correction

Beyond Printing and Scanning

Solutions that Scale

Enhance your existing workflows and document processes with the IM C8010. Customise this versatile MFP into powerful digital workflow hubs that adapt to your business needs with easy-to-use integrated apps, advanced cloud-based services, and enhanced scanning and print workflow solutions.

More than just devices, Ricoh partners with you to address your unique challenges and support your priorities. Our Managed Print & Automation Services help you adapt and thrive in the face of economic and global disruption, ensuring your business remains resilient and efficient.

Every job. Every deadline. Get it done with Ricoh.

Sustainable Innovation

Reducing Waste, Improving Efficiency

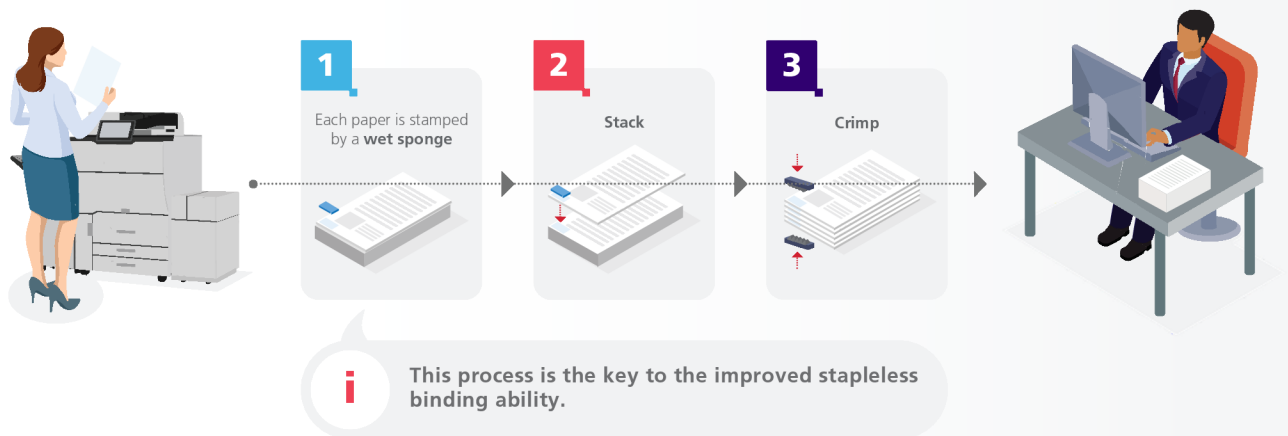

Sustainability takes centre stage with the IM C8010, incorporating 33.38% post-consumer recycled plastic used in the mainframe—six times more than previous models. The new Smart Operation Panel is also more energy efficient, using 45% less power in Sleep Mode, reducing both operational costs and carbon footprint.

Redefine document finishing with our innovative water-based stapleless binding option—just use tap water to bind papers up to 15 pages without metal staples. Our toner cartridges also incorporate up to 42% recycled plastic, demonstrating our commitment to sustainability.

Why go stapleless?

Our stapleless binding option uses water to moisten and press sheets together—enabling binding of up to 15 sheets¹ without staples. It's safer, requires no consumables, and simplifies document recycling.

¹—Recommended maximum for corner binding.

Future-Ready Protection

Strengthening Enterprise Security

Protect confidential documents and meet increasingly strict compliance requirements with the IM C8010. New features include enhanced PDF encryption password policies, enabling administrators to set and enforce complexity and minimum character length policies.

This MFP also supports OAuth2.0, ensuring stronger security and smoother integration, all without introducing complexity for IT admins. Additional enhancements include Trusted Platform Module (TPM) 2.0, Transport Layer Security (TLS) 1.3, and Wi-Fi Protected Access (WPA) 3 support, keeping your infrastructure protected against evolving threats.

Tap Into Your New Print Capabilities

Ricoh Digital Services

Take your document management to new heights with Ricoh's suite of digital services and solutions.

Workflow & Automation

- Process Automation
- Content and Collaboration
- Business Applications

Reduce errors, streamline processes, and automate complex workflows to uncover new opportunities.

RICOH Smart Integration

- RSI Connectors
- RSI Control
- RSI Control+
- RICOH CloudStream

Enhance security, improve integration, and simplify device management with a unified cloud-based platform.

IM C8010 Summary

General	IM C8010
Functions	Copy, print, scan, fax (optional)
Stapleless Finishing	Optional – Up to 15 sheets
Wireless Connectivity	✓
RICOH Smart Integration	✓
RICOH Always Current Technology	✓
Paper Input (Standard + Bypass)	3,600 + 100 sheets
Paper Input (Maximum)	8,100 sheets
Copy/Print Speed	80 ppm
First Print Time (B&W/Colour)	4.8/6.4 seconds
Scan Speed (1-sided/2-sided)	150/300 ipm
Operation Panel	10.1" Smart Operation Panel
Print Resolution	2,400 x 4,800 dpi
Power Consumption (Sleep Mode)	0.47 W
Typical Electricity Consumption (TEC)	1.56 kWh
Security	TLS 1.3, TPM 2.0, WPA3
Recycled plastic in mainframe	33.38%
Weight	260 kg
Dimensions (W x D x H)	750 mm x 880 mm x 1,225 mm
