Professional prints in glorious colour

Put vibrant and productive colour printing within easy and affordable reach

Adding to your productivity

Combining exceptional functionality with low total cost of ownership, the compact RICOH P C311W and M C251FW A4 devices are made for business. Print immaculate colour and black and white output at up to 25 pages per minute. And, with WiFi Direct making it easy to connect, these productive desktop printers can be shared by multiple users.

Making printing even easier with additional time-saving features

Choose between the single and multi-function version based on your printing needs and take advantage of the optional second paper tray, which expands capacity and enables different sizes and types of paper to be held online, ready for use.

Gain additional features with RICOH M C251FW, a compact fax-enabled 4-in-1 multi-function printer. Its large colour touchscreen panel simplifies operation and, to save time, the integral Single Pass Document Feeder (SPDF) quickly scans double-sided originals in a single pass.

Security is in our DNA

Recognising the need for data security, we've put robust security layers in place. Manage your confidential documents with the Locked Print function to protect confidential documents from unauthorised viewing. Network encryption also ensures that data transmission remains safe.
